CACJ GA Accountability Court Training

Classic Center, Athens Georgia

What is the GACSB?

- Representing Georgia's CSBs as the Public Safety Net
- 25 Independent Providers Organizations
- Located in 6 Regions designated by the Georgia Department of Behavioral Health and Developmental Disabilities (DBHDD)
- Map Resource: <http://www.gacsb.org/members/find-a-provider/>

What is a CSB?

- ***Part of Georgia's public system of care*** for behavioral health
- Georgia's public "***safety net***" for behavioral health
- ***Instrumentalities of the State***
- ***Boards are appointed by the County Commission***

House Bill 100 (1994)

- House Bill 100 in 1994 transformed the Community Mental Health Program operations in Georgia
 - Community Mental Health Centers → Community Service Boards.
 - Declared CSBs to be governed by local Boards and be funded through contracts with the state of Georgia.
 - Made CSBs the public providers for mental health, developmental disabilities, and addictive disease services.
 - Authorized CSBs to provide health, recovery, housing, and/or other supportive services.

Governance

- Governed by a Community Board
 - Appointed by the County Commissioner of each county in an individual CSBs coverage area.
- Board hires CEO to manage CSB
- Contractual agreements with the State and other entities provide the majority of CSB funding.

Where would you want your loved one to live?

Georgia DBHDD, State Psychiatric Hospitals, Private Hospitals (contracted), and Community Service Areas

Veterans Treatment	4	11	0	15
Grand Total	89	47	15	151

Service Deliver Continuum of Care

Coordination with Community Resources

Provide Coordination and Linkage to Comprehensive Treatment, Recovery and Supportive Services

Behavioral Health Crisis Centers (BHCCs)

- Combines short-term, 24/7, walk-in crisis intervention and counseling services with emergency receiving capability and crisis stabilization beds.
- Individuals who are experiencing behavioral health crises are provided assessment, short-term crisis counseling, supportive services and referrals for ongoing care.
- Staffing includes physicians, nurses, licensed clinicians and other behavioral health professionals to provide interventions designed to de-escalate crisis situations and prevent out-of-community treatment or hospitalization.
- If individuals need a higher level of care, the attached CSU allows for admissions for short-term residential treatment.

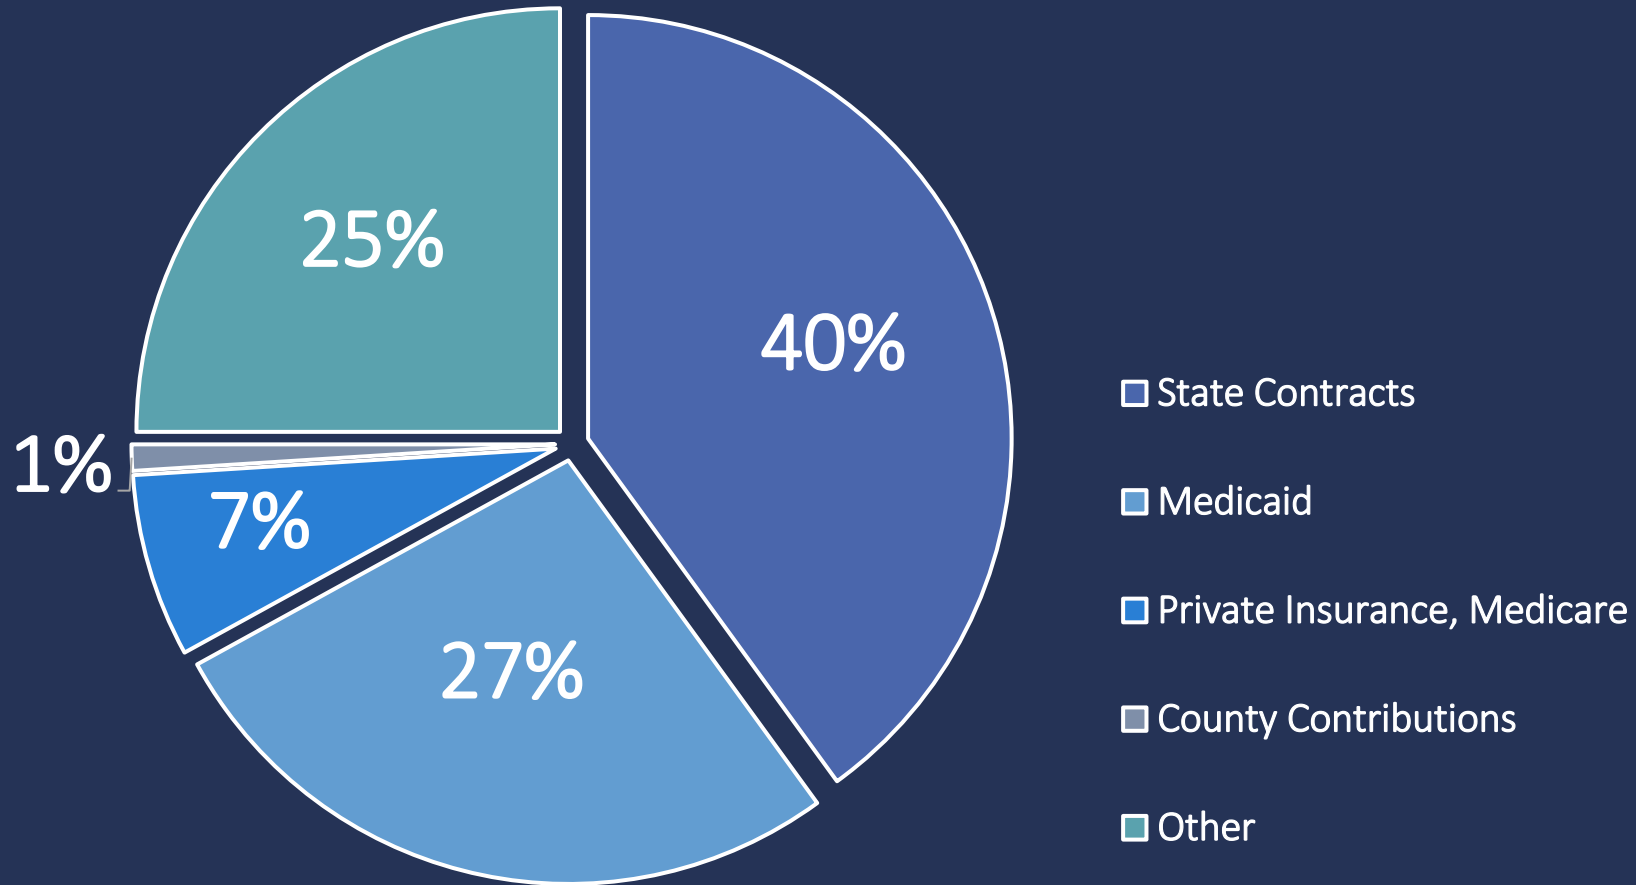

Crisis Stabilization Units(CSUs)

- 24 hour units providing stabilization to those experiencing Mental Health crises or needing detoxification from substances.
- The program provides medically monitored residential services for the purpose of providing psychiatric stabilization and substance withdrawal management services on a short-term basis
- Can take individuals who are involuntarily committed.

How are we funded?

Our Hope?

- Create complimentary treatment systems; Avoid creating parallel treatment systems.
- Capitalize on evidence based treatment systems practiced within CSBs.

The Pataula Story

- CSB? Who? What?
- Education is key!
- Partnership is key!
- Outcomes that show lives can change; treatment works; and recovery happens!
