WE'RE BACK!

Presentation by Judge Nancy Bills

The image shows the front facade of the Rockdale County Courthouse. It features a prominent portico with four white columns supporting a pediment. The name 'ROCKDALE COUNTY COURTHOUSE' is inscribed on the frieze above the columns. The building is constructed of red brick with white horizontal bands. There are several multi-paned windows, including a larger double window in the center of the portico. The entrance is a dark double door at the base of the central column.
